

## PACKAGE PRICING BIG SKY AUTISM PROJECT

The **Pinecone, Alpine, and Ponderosa Packages** are for Adaptive Exercise Programs only. They do not include any Fit4U Programs or Parent / Caregiver / Family Member Workshops or Classes.

The **Big Sky Package** allows you to customize your own package by mixing and matching Adaptive Exercise Programs and Fit4U Programs. When selecting this package, at least 3 Adaptive Exercise Sessions per Month per Package are required.

When selecting a package, it is your responsibility to schedule and attend sessions. You must use your sessions within the duration you choose when selecting your package. No refunds will be given for unused sessions and no rollover of sessions from one package to another is allowed.

The **Additional Off** is on top of any Fee Reductions you may already qualify for through the Income Based Payment Program or the Alternative Payment Arrangement Program and is deducted from the Total Package Price.
